

Anglo Holt

the complete construction service

Malvern Spa Limited, Malvern

A new hotel and spa facility with state of the art indoor and outdoor hydrotherapy pools, heat experience area, treatment rooms, fitness centre, beauty salon, restaurant and brasserie, gymnasium and aerobics room.

The design development was carried out working closely with the client's team. Many of the bespoke elements of the finished facility were developed during construction and the base designs had to be flexible enough to allow revision during installation.

This project was secured following a competitive tendering process.

“With state of the art
hydrotherapy pools”

Imported fill to make up levels

Steel framed ground floor, timber frame upper floors

Rendered and glazed elevations

Specialist hydrotherapy and heat experience areas

High Quality finishes

**“Specialist,
hydrotherapy”**
